MIDDLESEX COUNTY COLLEGE

Earn While You Learn

Become a Trained, Skilled Healthcare Worker. Let Us Help You Achieve Your Goals!

An <u>Apprenticeship program in healthcare</u> is a great way to **EARN** while you **LEARN**!

You start a job – with pay – while you are trained in your chosen field. That's a win, win!

There are many jobs that qualify for apprenticeships. Do any of these sound interesting to you?

Certified Nursing Assistant
Community Health Worker
Medical Assistant
Medical Billing and Coding
Patient Care Technician
Pharmacy Technician
Phlebotomist

Benefits

- Newly hired or current employees are eligible.

- Employees are awarded nationally recognized industry credentials and possible college credit. Can lead to an increase in skills, abilities and wages.

- All are Registered Apprenticeship Programs that have been validated by the U.S. Department of Labor or State Offices of Apprenticeship.

Commitment

- 1,000-2,000 hours; 1-2 years of on-the-job learning.
- 144 minimum hours per year of Related Technical Instruction.
